Labor And Management Are Joining Forces In Move For Legislation

AGE CUT APPEARS THING OF THE PAST

White House Support Is Promised To Labor-Management Program

By EDWARD B. LOCKETT International News Service Staff Correspondent

WASHINGTON, Nov. 1.—Railroad labor and management quit fighting today and joined forces to draft a legislative rehabilitation program to save them both. Both sides appeared to regard the issue cut, which the carriers sought to win, as a thing of the past.

By a pleasing happenstance, everything went right. The weather was perfect, the mummies kept in formation, the spectators gave them room and the police department was on the job handling the crowd. Because of the size of the parade it took longer than it has before but by 9 o'clock the last parade had cleared the judges' stand.

Moved At Eight.

At 8 o'clock the police car moved out on Jefferson street ahead of the parade, clearing the way to Washington street. Heading the line of march were Grand Marshal Ivor V. Davis and General Chairman Edward Haines, with aides. The Legion band followed, but in addition to the regular drum major there were two nattily attired young girls who acted as drum majors.

The parade consisted of four divisions. (Continued On Page Two)

Thousands Line Streets As Army Of Mummies Parades Monday Night

From now on you'll have to compare Halloween parades with the one held Monday night, October 31, on Washington street, for it was easily the best one held in New Castle for a long time. The best not only in size, but in color and diversity of costumes, in the number of spectators and in the general effect.

Chest Total At \$50,000; Seek Remaining \$13,533 For Report On Thursday

With \$49,667 already pledged by citizens to the 1938 Community Chest campaign, leaders of the drive gave careful study to a group of campaign ideas which leaders and workers suggested at their third report rally in the First Christian church yesterday.

Upon those suggestions may rest the success or failure of the campaign.

Seek Needed \$13,533

Remaining unsubscribed today was \$13,533—and the teams, their spirit dimmed not the slightest by one full week of solicitation, are determined that sum will be "written up" on the scoreboard at their fourth report meeting at noon Thursday. If it isn't in by Thursday they'll have it in a short time afterward.

Mrs. Grace Phillips Johnson, drive general chairman, and Robert A. Bekles, president of the Chest organization, today were talking the "idea" with campaign lieutenants. One was a "Dollar-for-the-Chest" (Continued On Page Two)

Arabs In Strike Protest Against British Efforts

(International News Service)

JERUSALEM, Nov. 1.—A three-day Arab general strike began throughout the Holy Land today in protest against British efforts to stamp out the Arab revolt by force of arms.

Arab leaders at Haifa called upon native workers to go on strike as a means of combating the British military measures.

The general walk-out got under way when British troops completed occupation of the Arab city of Jaffa and the seaport of Haifa following a series of skirmishes with bands of rebel outlaws.

As the strike commenced, all shops and factories in Haifa and various other centers closed. Public services at Haifa were maintained by Jewish and British staffs.

Arab laborers continued to work at the port of Haifa, but streets of the city quickly became littered with rubbish as the strike put a virtual halt to collection of refuse.

Arabs who failed to join the strike were threatened with death by their leaders.

Hitler Changes Naval Command

(International News Service)

BERLIN, Nov. 1.—Re-shuffling his naval high command to conform to changes in his army, Chancellor Adolf Hitler today appointed Admiral Boehm chief of the high seas fleet, succeeding Admiral Rolf Carls.

Admiral Carls, who became famous for his part in the German naval bombardment of the Spanish government port of Almeria, was promoted to the post of commander-in-chief of the Baltic forces.

At the same time the further promoted General Keitel, chief of staff of the high command, to the rank of colonel general.

These changes, like those in the army high command announced yesterday, were believed designed to make the Reich's armed forces more sympathetic and responsive to Hitler's plans for his expanding Nazi Reich.

BANQUET EVENT MONDAY NIGHT

REV. FR. N. DE MITA

"A great transformation has taken place in Italy during the past 10 years. The nation has progressed in every respect. I was amazed at the numerous changes," the Rev. Fr. Speaking in Italian, with a well modulated voice, the aged pastor of the church said: "I hardly recognize Italy."

Team Captains In Chest Drive Spur Program

Captains of all Community Chest drive teams, responding to a hastily issued call from their leaders this morning took part in a general "prospect check-up" at noon today in the First Christian church.

Cards of all non-givers and cards not as yet given attention were to be re-distributed to the team leaders for quick delivery to their team members.

On Wednesday at noon, in the First Christian church, a special meeting of emergency squads enlisted from the city's churches will be held. Drive leaders will discuss with them those groups the importance of the success of the current campaign.

Police Get Few Calls Halloween

Halloween parade in the downtown section last night drew thousands, and as a result there was decided decrease in depredations throughout the city. In fact not much damage was committed in the outlying sections.

In the North Mercer-Euclid avenue section some of the large sewer pipes were placed in the roadway and police had to remove them.

A missile from an air-rifle broke a window in Chestnut street, according to a report sent to police.

However there were not as many calls for police action as on any of the nights preceding Halloween.

Week From Today To See Climax Of State's Campaign

Voters Go To Polls To End Election Battle On Next Tuesday

EXPECT HUGE VOTE WILL BE RECORDED

Interest At High Pitch In Outcome In State And Local Districts

One week from today and the weeks of political campaigning will come to a close when the major portion of 4,650,000 voters in Pennsylvania say it with ballots. The candidates, campaign managers, and workers are in the home stretch and this week sees the heat going on to the limit.

Pennsylvania will elect a governor, a United States Senator, a Lieutenant-Governor, a Secretary of Internal Affairs, 34 congressmen, 26 state senators and 209 members of the House of Representatives.

Republican Ticket

On the Republican ticket are Arthur H. James for Governor, James J. Davis for re-election as United States Senator, Samuel S. Lewis as Lieutenant-Governor, and William S. Livingston for Secretary of Internal Affairs.

For congress in this district, Louis E. Graham is the candidate, and for the two places in the House of Representatives in Harrisburg, J. Elder Bryan and W. Sharp Fullerton. The 47th senatorial district does not elect a state senator this time.

Democratic Ticket

Upon the Democratic ticket, Governor George H. Earle is a candidate for United States Senate, Charles Alvin Jones is a candidate for Governor, Leo C. Mundy is a candidate for lieutenant-governor and Thomas A. Logie is a candidate for Secretary of Internal Affairs to succeed himself.

For congress in this district, Charles R. Eckert is running for re-election, while for representatives at Harrisburg James B. Kelso and Carmel G. Preston, are also candidates for re-election.

There are other tickets, among them the Royal Oak, Prohibition and Communist, but their total vote will be negligible.

The indications are that Lawrence county will poll approximately 35,000 votes. Leaders of each party claim the county for their ticket and in the state the leaders of each party claim success for their ticket.

The people will give the answer on Tuesday, November 8.

Jameson Hospital Birth Record Is Broken In October

Fifty-Four Infants Born In Hospital Last Month—September Also Showed Record

All records for the number of infants born in any one month were shattered at the Jameson Memorial hospital during October, when 54 infants were ushered into the world, according to Dr. Wayne W. Bissell, medical director of the hospital. Of this number 33 were boys and 21 were girls.

Strangely enough, the next highest number was also recorded during the preceding month of September, when there were 46 babies born at the hospital.

Prior to this year, the record had stood at 44, which was recorded during May and August of 1937.

Young Matron's Street Death Is A Mystery

MRS. MARION NICHOLS

Death of Mrs. Marion Nichols, 30, daughter of an eastern college professor, who was found dying on an Evanston, Ill. street dressed in pajamas, mystifies authorities. Mrs. Nichols, according to her husband, Richard, 31, a research engineer, had started for a walk against his protests to quiet her nerves. Theory that she had been hit by an automobile was weighed but several facts, including the one that her clothes were unmarred, led to the belief the young matron might have been murdered.

Pennsylvania's small game season, opening on a new mid-morning "zero hour" instead of the customary and traditional daybreak, today had registered five deaths, two by shooting and three by heart attacks, and brought injury to approximately 30 others, according to a survey by International News Service.

With the accent of the state game commission on safety, an estimated 600,000 hunters were prohibited from firing at game until 9 a. m.

Hunters Have Field Day As Season Opens

Ideal Conditions Prevail Resulting In Large Number Taking To Field

With ideal weather conditions prevailing, Lawrence county hunters, along with close to a million others throughout the state, took to woods and field in the quest of small game. It is believed that several thousand hunters from the county were out yesterday and many secured the limit.

There is a plentiful supply of game of all kinds, hunters report. In spite of the large number who were out in the field yesterday, due caution was observed by all hunters, and there were no accidents of any consequence, as far as could be learned.

Graft Probers Have Flare-Up

Cohen Makes Heated Accusation Against Perry In Session

REPUBLICANS RENEW DEMAND FOR EARLE

(International News Service)

HARRISBURG, Nov. 1.—In a heated exchange between Republican and Democratic members of the house graft investigating committee, Chairman Herbert B. Cohen today accused Rep. David Perry, R., of "making a gross, flagrant, misstatement that verges on a direct lie."

The flareup between the opposing political groups of the committee came as Perry and Rep. Ellwood Turner, Delaware, the other Republican member, renewed their requests that Gov. George H. Earle, Matthew H. McCleskey and David L. Lawrence be called to testify.

Accused of Politics

Cohen accused the two of "playing politics" when they attempted to "analyze" the testimony at this point before the probe was completed.

Rep. Joseph Ominsky, D. Philadelphia, flatly called his Republican colleagues "hatchetsmen for the Republican party."

Prime Minister Chamberlain In Defense Of Act

SAYS ACCORD WITH MUSSOLINI IS NEAR

Clement Attlee Asserts Munich Agreement Great Defeat For Great Britain

By J. C. OESTREICHER International News Service Staff Correspondent

LONDON, Nov. 1.—Prime Minister Neville Chamberlain, speaking today in the House of Commons, staunchly defended his Munich pact with Chancellor Adolf Hitler, and announced that his new accord with Premier Benito Mussolini would be put into force as soon as possible.

"I do not regard the Munich agreement either as a defeat for democracy or for the cause of law and order," the prime minister declared. "On the contrary, the agreement was an attempt to carry out an agreed solution, the only alternative to what appeared to be the use of force."

Attack By Attlee

Chamberlain spoke in reply to an opposition attack launched by Clement Attlee, the laborite leader, who charged that the dismemberment of Czechoslovakia, as arranged at Munich, constituted a "great defeat" for France and Great Britain.

"I strongly object," the prime minister said, "to persons who are responsible for irresponsibly broadcasting that their own country is in a state of decadence."

And then added in cold, precise notes:

"At any rate, it is not one of the characteristics of the totalitarian states that they are accustomed to foul their own nests."

Germany In Dominant Position

Discussing Germany's future economic relations in central and southeastern Europe, Chamberlain continued:

"Geographically, Germany must occupy a dominant position. She does so now."

"There is sufficient room in southeastern Europe for both German and British trade. Let us not (Continued On Page Two)

Can't tell you what this weather means, an open winter or one of snow, or whether we'll wear our summer suits till after Christmas. I do not know. Nor will I worry or days to come, for these are the golden days of fall, when autumn fingers with smiling face, a prettier autumn I can't recall. So whether the weather is open or cold, is something I must admit I cannot say, but this I know is a wondrous fall, and the weather is sunny one today.

Japan Will Defy Claim Of Nations

Plan Statement Giving Attitude

Will Assert Her Hand In Control Over Trade Of China

EXPECT ULTIMATUM TO COME THURSDAY

(Continued From Page One)
TOKIO, Nov. 1.—Japan will assert her hand in control over Chinese trade, in defiance of the claims of western nations, in a government statement to be issued next Thursday, it was learned today on reliable authority.

The newspaper Hoshi Shimbun stated that the official announcement will be:

1. Outline Japan's guiding principles in reconstruction of the "New East Asia."
2. Reiterate her determination to crush the resistance of Chinese Generalissimo Chiang Kai-Shek.
3. Assert the purpose of ending the "economic imperialism" of western powers in China.

Goes To Emperor
The cabinet will confirm the draft of the official statement today, it is understood, and will send it to the throne for the approval of Emperor Hirohito.

The new paper predicts, "bold, clear-cut pronouncements" of Japan's position which has come about following the fall of Canton and Hankow, branding Chiang Kai-Shek's regime "a mere provincial administration."

The statement is reported as stressing Japan's desire to rebuild China on a racial self-determination principle "forming a new country from the old China which hitherto has been a semi-colony under the economic imperialism of western nations."

Contained in a warning to foreign powers that Japan intends by the anti-communist axis and plans to co-operate with Peiping and Nanking to establish a new peace fabric on the basis of "East Asia for East Asiatics."

ed Naples, Rome and some of the other large cities, so numerous were the changes since his last visit some 10 years ago. Conditions are good, with unemployment an unknown thing. It is a new Italy under Benito Mussolini and King Victor Emmanuel.

In an interesting manner, Rev. DeMita depicted the scenes that took place several weeks ago when the European nations were in a state of turmoil. He related the scenes that followed when news spread that danger of war had subsided. "Mussolini's immediate action at Munich was mainly responsible for bringing about peace," he said. "Europe from the worst war in history," Rev. DeMita said. He vividly explained the grand exposition being planned by Italy. The exposition will literally bring Rome out to sea. The event, planned for 1941, will take place between Rome and Ostia.

In closing, the honored guest thanked the group for their warm welcome.

Casacchia Is Toastmaster.
Following dinner, Angelo J. Casacchia, toastmaster of the evening, opened the program with an appropriate address in which he eulogized the Rev. Fr. DeMita, who has been pastor of St. Vitus church for more than 30 years.

Toastmaster Casacchia introduced the following speakers who responded with brief remarks: The Rev. Fr. Buterbach, assistant pastor of St. Vitus church; Dr. John Prioretti, the Rev. Fr. Sebastian Ippolito, pastor of St. Lucy's church, Mahoningtown; the Rev. Fr. Dante DeLillo,

assistant pastor of St. Michael's church, Butler; the Rev. Fr. N. Pirulli, Butler; the Rev. Fr. Yamarti of Campbell, O., and the Rev. Fr. V. V. Stanczewski, pastor of St. Philip and James church.

The delightful occasion was held under the auspices of the following committees of St. Vitus church: Charles DeCarbo, general chairman; Guy Greco, Guy Franczko, John Masztrangelo, Sam Peluso, Nick Alfano and John Porchetti.

THOUSANDS LINE STREETS TO VIEW MUMMERS PARADE

visions, the Benjamin Franklin band heading the second division, the Croton drum corps the third division and the Red Devil drum and bagle corps of Rochester, Pa., the fourth division.

The diversity of costumes was the pleasing feature of this year's parade. Charley McCarthy was a pair of the Dionne quintuplets, savages from the African jungles walked along with ladies of the ante-bellum period, and dancing girls swung in with tramps and clowns.

The yen for Mae West seems to have passed out in Halloween parades for there wasn't one copy of the lady. Pop Eye was represented but once and Spark Plug still had one imitator. From the most part were original and the large number of prizes handed out wasn't sufficient to take care of the unusual lot of really good costumes.

Judges Busy.
It was a tough night for the judges. They had to decide between universally good costumes and they had a job. Following the parade the winners presented their tickets at La Legion Home and received their money.

The parade was sponsored by the New Castle retail merchants and to that body and to Mr. Haines goes a lot of credit. Not only did the parade provide a lot of fun for the city but it kept a lot of youngsters out of mischief and the property damage avoided probably would amount to considerable.

The parade was handled smoothly, the aides for the most part being veterans.

The route of the parade was from the Legion Home at the corner of North Jefferson and Falls streets, to the public square, east to Croton avenue, up Croton to the North Street bridge, down North Street to East, down East to Washington and thence counter march to the Legion Home.

Main Awards
The main prize of \$25 went to four young men from West Pittsburg, Alexander Alden, Mike Alden, Robert Alden and Julian Kozlowski. They had an Indian tepee and were garbed as Indian braves.

Second prize of \$15 went to the Seven Dwarfs, Mrs. Alice Thompson, Mrs. Sallie Deegan, Janet Kennedy, Miss Josephine Huff, Miss Helen Carnes, Miss Edith Carnes, Miss Carrie Stritzinger, Miss Toots Stritzinger, Mrs. Pearl Jones.

Third prize of \$10 went to the Zulus, Ruth H. Johnson, Katherine Barnsley, Sarah Dangle, Helen Johnson.

Fourth prize of \$5 went to Miss Ruby Neime and Mrs. George Vanus. Scores of smaller cash prizes were awarded.

in length. Mr. Restone found the insect in front of the garage, crawling on the ground. Although rather wicked looking insects, they are perfectly harmless to individuals, although cannibals by nature, feeding on other insects.

The other day Pa Newc mentioned London Terrace, the largest apartment building in the world, but at that time did not know that the brick used in the mammoth structure were made in Lawrence county. It was learned today that they were manufactured at the Metropolitan brick plant at Bessemer, and were shipped during the years 1929 up to 1931. It required over 7,000,000 brick and was one of the largest, if not the largest, ever filled by the plant.

W. H. Hunt, a traveling salesman from Virginia, was in New Castle over the week-end and was taken over to McConnell's Mills by his friend, Attorney Harvey Martin, for a view of nature in the rough. He was astonished at the grandeur of the gorge and charmed with the autumn scenery. During the trip a ring-necked pheasant ran across the road in front of them. Hunt had never seen one before and thought it a most beautiful bird. Martin then drove him to the game farm, where he was delighted with a variety of game birds.

Something new in the re-surfacing of a brick house is under way at the home of Dr. James M. Blackwood, corner of East Washington and Pearson street. The house was stuccoed over brick some years ago, but the stucco did not hold well, and has been taken off. It is now being re-surfaced with cement slabs in imitation of variegated stone work. The slabs, which are being made on the grounds, are about one inch thick and of various sizes. When finished the house will look like a stone building and will be quite attractive. So far as known there are no other houses in the city finished this way.

Fine weather during October has been very favorable for the various road building projects. Stone have been broken on the old West Pittsburg road, and it will only be a short time now until the road will be finished from the New Castle-Elldwood road to the Shenango township consolidated school building.

Here's a mark for some of our Lawrence county cow huckers to shoot at. Stanley Yeager, Pennsylvania's champion, hucked 25 1/2 bushels in Lancaster county in 30 minutes, thereby winning state honors. He's entitled to compete in a national contest to be held this week in Dell's Rapids, S. D.

The post office department expects residents of rural routes to cut down any weeds that may be in the vicinity of their mail boxes, and which would likely cause the drifting of snow. Cans are not expected to plough through snow-drifts in delivering mail.

The price of bread is estimated to include 58 different taxes, which aggregate 6.4 per cent of the price. Milk carries 1 1/2 cents of taxes per quart. Beef, 8.14 per cent; sugar, 18.3, including 45 different taxes. Hosiery, hats, shirts, 20 per cent. Men's suits, 10 to 20 per cent. Shoes, 8 to 20 per cent. Drugs and medicines, 33 per cent. Automobiles, 345 different taxes, and cigarettes, 6 cents per package.

It is said that a lot of deserted wives prefer relief checks to their husbands. That is why they do not make any particular effort to get their mates back. They're eating now and the kids have clothing.

Last week a companion travelling with the driver of an ice cream truck from Oil City to New Castle, touching at Sandy Lake, Volant and Oil City, counted 25 rabbits, 22 skunks, 4 house cats, 1 dog, 5 grey squirrels, 2 rats and 1 chicken, all having fallen victims to traffic on the highway.

Santa Claus seemed to be the most popular parade last night, especially with the children who were watching the mummies parade.

Hunters who started out when the frost was covering the landscape this morning, and who dressed accordingly, were hunting for a place to hang their coat by noon. The atmosphere warmed up considerably during the day and was almost like summer early this afternoon.

suppose that there must be economic warfare between Germany and ourselves. We thrived on competition in the past, but it is not in our interests to see any part of the world remain poor."

Chamberlain declined to commit himself regarding British guarantees to Czechoslovakia pending a full settlement of the minorities problems, including the pending territorial dispute between Czechoslovakia and Hungary, now being adjudicated by Italy and Germany.

The prime minister admitted that Britain's defenses were incomplete at present, but he gave the country this word of cheer:

"If they had been put to the test, they would have worked better than many people supposed."

Mrs. Johnson presided over yesterday's report meeting. She was assisted by Numa F. Vidal, Jr., and Norman E. Clark, co-chairmen of the drive. Sitting with them was Robert A. Eckles, president of the Ohio board of directors.

The team reports constituted most of the luncheon program. The discussion of possible "campaign moves" followed.

It appeared from the general discussion that a fresh attack on a stack of prospect cards would come this week inasmuch as an earlier visit of workers failed to produce expected results. It was agreed that workers should "cover the cards" more thoroughly.

The industrial division reports were heard along with the women's and men's division reports. The schools division and public officials groups also submitted new returns.

will meet in Chicago Friday to take formal action on the emergency board recommendation against the proposed 15 per cent wage cut. Acceptance of this recommendation was regarded as beyond doubt.

Soon after this action is taken—possibly next week—the management-labor board is expected to convene and begin its work of drafting a program.

Labor-Management Near Together.

J. J. Pelley, president of the Association of American Railroads, said he did not expect labor and management to be far apart, when the work of whipping the legislative proposal into shape gets under way. Pelley and George M. Harrison, president of the Railway Labor Executives association, have separate proposals, but the association president said the operators felt that the labor program carries a lot of provisions with which the roads can go along.

The roads' program calls for revision of rate-making regulations of the ICC to give the railways greater latitude in "pricing our product," and seeks revision of the interstate commerce act rate making clause to consider revenue needs of the lines as primary necessities.

The operators also want the law changed to permit them to get government loans on the prospect of future earnings, discontinuance of federal barge lines, repeal of land grant statutes giving government traffic favored rates, repeal of the long and short haul clause of the commerce act, and ICC regulation of water-borne traffic.

Plans of labor call for a program setting up a national transportation authority to regulate all forms of transportation, and revision of rate regulations.

his last week of session before adjournment, said that after going over the testimony he was convinced that only three men could explain what- or many of the accusations made against McCloskey and the General State Authority were correct. They were, he said, Governor Earle, McCloskey and Lawrence.

It was at this point that Cohen heatedly broke in to say to Perry: "I think this is highly unethical and improper. I accuse you of making a gross, flagrant, misstatement that verges on a direct lie regarding the testimony. The particular analysis you're indulging in is a flagrant misrepresentation of what was testified to before this committee."

FINE PROGRAM MARKS READING CIRCLE MEET

WINTER SET-UP IS DISCUSSED BY B. P. W.

Mrs. Fred Smith, of Hillcrest avenue, opened her home to twenty-five members of the Reading Circle on Monday afternoon, each answering a roll call by naming an "Outstanding Modern Woman." A splendid program marked this assembly, with several taking part.

Mrs. A. P. First gave a most interesting talk on "Women in the Air," discussing how women have taken to the air travel and how important a part the air forces play in the modern world. Mrs. Robert W. Wagoner, of the Hillcrest avenue, discussed the progress of women in radio, pointing out how many unseen artists have become successful.

An open discussion featured afterwards. Wednesday, the group will meet at the Jackson Memorial hospital in the Solomons. They invite other women to join in sharing their services.

The next regular meeting of the Reading Circle will take place in two weeks at the home of Miss Ada Newton on Grant street.

Winter plans were talked over on Monday night when the executive board of the Business and Professional Women's club met in the home of Miss Mary Bigley, Milton street.

Miss Mary VanDyke first called for committee reports. Then tentative plans were laid for sponsoring a party to secure funds for social service work as money is needed for the purchase of several pairs of glasses for school children in this district.

November 7 is the date for the monthly business meeting of the club when reports of all committees will be made. Miss Nannie Mitchell, program chairman, stated that Mrs. Erna Grossnick Giffland will be the guest speaker on November 21, topic, "The World Today."

At the close of the meeting a lovely lunch was served by the hostess, assisted by her sister, Miss Martha Bigley. The table, dressed in Halloween costume, presented a pretty picture.

MEETING OF A. B. D. WITH MRS. ROWLAND

Halloween party. Rose Retort opened her home at Hillcrest on Saturday evening when she entertained a Halloween party. The home was early decorated in black and orange for the occasion.

Two sketches, "Little Red Riding Hood" and "Cinderella" were features of the evening, being played in a large barn, decorated with witches, corn stalks and other Halloween creatures. Those taking part in the sketches were Mary Retort Little Red Riding Hood; Frank Retort, Big Bad Wolf; both played the Woodman; Josephine Audino, Cinderella; Edith Audino and Clara Retort, two stepsisters; Rose Retort, stepmother; Theresa Retort, Fairy Godmother; Julian Retort, king's son.

The new gathering will be at the home of Edith Audino when they will have a Thanksgiving dinner.

Instead of this evening, which would ordinarily be the date of meeting, the A. B. D. members of the First Presbyterian church will meet on Wednesday evening in the home of Mrs. Roger Rowland, on Highland avenue. An attractive program has been arranged for the evening.

T. J. N. Club Change. Members of the T. J. N. club will meet November 18 in the home of Mrs. Eleanor Webb, Mt. Jackson road, instead of November 4, as previously announced.

Suits-Us Club. Members of the Suits-Us Club will meet Thursday evening at the home of Mrs. Kate Stanley, North street.

Marsing Club. The Marsing club will meet Wednesday evening at the home of Mrs. Thomas Thomas on Richelleu avenue.

WOMAN'S CLUB HEARS ABOUT PENNSYLVANIA

Stanley A. Gillespie, of Greenville, businessman and trustee of Thiel college, was guest speaker of the Woman's Club at their regular meeting in the Highland U. P. church, Monday afternoon. His subject, "Our Inheritance," carried his audience back through the important pages of Pennsylvania history, and showed the development of the commonwealth from the keystone of the colonies to the keystone of the nation. His address was well received by the large group present.

He outlined the history of Pennsylvania from the first settlement by the Swedes in 1638 to the present day, and called attention to the favorable location and rich natural resources of the state, which have given it an advantage over other states of the Union.

Navigable rivers, splendid highways, and scenic beauties have all contributed to the importance of the state, he stated.

Pennsylvania's farmers lead the nation, he asserted; its financiers have played an important part in the history of the country, and Pennsylvanians have contributed much to art, literature, and education.

The business session was opened by Mrs. Arthur B. Foster, president. Hall Pennsylvania was led by Mrs. D. Duff Scott, after which the speaker was introduced by Mrs. James Vogan.

An interesting collection of antiques belonging to Mrs. E. J. Blanning was exhibited. Hand made family records dating back to 1791 were shown, along with church record books which dated back to 1794, and a pewter plate 250 years old, all of which were highly interesting.

It was announced that the American Home and Citizenship Department will meet in the home of Mrs. Edwin Crawford, of 307 East Wallace avenue, on Tuesday, November 8.

The International Relations Department will convene in the home of Miss Rebekah Browne, of 227 East Lincoln avenue, on Wednesday, November 9 with Miss Margaret White as hostess.

The next regular meeting of the Woman's Club will take place Monday, November 14, at which time Mrs. Lulu M. Byers, of the Paulk Elementary school, of the University of Pittsburgh, will be presented as the speaker by the Educational Department.

MISS MILDRED LAYTON ENTERTAINS CLUB GROUP

Delightfully informal, was the gathering of the Bridge-At-Eight club girls, in the home of Miss Mildred Layton on North Jefferson st., who entertained at their regular bi-weekly social event.

In cards, Miss Louise Mitchell captured the top score trophy. Sharing in the competition was one special guest, Mrs. Wilbur Layton.

Seated at the dining room table, at a later hour, the hostess served a delectable feast. Fall flowers were used effectively in the decorative theme.

Miss Jane Leicht of Clayton St. will entertain in two weeks at her home.

Party At Wagner Home. A group of friends gathered in the home of Mr. and Mrs. Leroy Wagner, South Ray street, on Saturday evening for a Halloween party. The home was fittingly decorated in the Halloween motif. Various games were played with prizes going to Mrs. June Crill and Mrs. Catherine Irwin.

The Great Game Of Politics

(Continued From Page Four)

helping New Deal candidates, but
after all it isn't the committee's
fault that Mr. Roosevelt has an al-
liance with the C. I. O.; that the
C. I. O. contributed \$500,000 to his
1936 campaign; that the Commu-
nists are powerful in the C. I. O.;
that Harry Bridges, C. I. O. leader
and Roosevelt supporter, is an alien
whom many think dangerous; that
Communist leaders in every State
are open supporters of New Deal
candidates. It would be absurd to
contend—and no one does—that Mr.
Roosevelt, Mr. Lewis or Miss Perkins
are Communists or in sympathy
with Communist cause. Yet the
Communists, as a whole, are back of
Mr. Roosevelt, because they believe
he unconsciously plays their game,
and the C. I. O. seems to them the
perfect instrument with which to
work.

PUBLIC REBUFFS. curt rejection
of their support, oratorical kicks in
the face—none of these things divert
the Communist leaders from their
New Deal support, openly pro-
claimed by Mr. Browder in his Port-
land speech and regularly by the
Communist organs. The real crime
of the Dies committee is in drawing
public attention to certain facts in
a way to affect the thought and
feelings of the very deeply anti-
Communist American people. It
is hard for an individual to stand
up against the President of the
United States in a personal contro-
versy. His advantages are very
great. Under the circumstances Mr.
Dies is to be congratulated on not
letting the Presidential thunder shut
him up or slow him down.

Sally Rand Will Give Her Version To Eager Jurors

Famous Fan Dancer Will Answer Charges Of Biting And Scratching

(International News Service)

LOS ANGELES, Nov. 1.—Three men of middle age and blue women who are quite ditto, were rather anxious, if not a bit hopeful today that they would be privileged to view Sally Rand, the famous fan dancer, without paying admission, and with front seats, if they please.

For the 12 middle-aged men and women make up the jury that is trying Sally in municipal court on battery charges. Milton Golden, Miss Rand's attorney, promised a free display of the dancer's art.

If Golden has his way the court room will serve as Sally's stage and the eager jurors will make up the audience.

As a matter of fact most all the prospective veniremen, feeling in their bones that a free show was possible, displayed great eagerness to assist in passing judgment on Sally. "You Sally, you know, is charged with biting and scratching Hazel Drain and Ray Stanford after the latter had snapped pictures of the dancer as she performed at a downtown Los Angeles theater."

There was not a prospective juror who would admit that Sally's loveliness would in the least prejudice his or her findings.

Miss Drain already has testified to the fan dancer's scratching and biting, and Sally, jaunty and confident, will take the stand later in the day.

Dr. Dafeo's Column
On The
Quintuplets
And The Care
Of Your Children

Copyright 1938, King Features Syndicate, Inc.

Cod liver oil is one of the oldest remedies. I have read that it has been in use for a couple of thousand years at least, so no one can spurn it as one of those "new-fangled cures."

When it is taken fresh from the cod, I am told that its taste and smell are both rather pleasant. However when it has been kept a few days it gets like the fish itself would be, but "high." I remember when the quintuplets were born some well-wisher from away off in Newfoundland sent us some of the pure, untreated oil. I guess it was all right when it left the Atlantic coast, but by the time we got it here no one could face it, let alone drink it.

In recent years cod liver oil has been refined until it is practically tasteless, but it is still suffering from the reputation it attained in its earlier years of use. Children can be taught to like this preparation, as I have already told you, the quintuplets are very fond of it. However, parents should be careful not to impress the child that this oil is anything but nice to take. I have seen parents, I suppose thinking of their own past experiences, make a face as they pour out the oil onto a spoon for the child. This naturally breeds a dislike for it in the mind of the child.

My advice to all parents about cod liver oil is: "Give it before meals." If the child doesn't like it, give it in orange juice. Another good way of camouflaging it is to put a little salt on the tip of the tongue before taking the dose.

When I say "give it before meals," I have a good reason for the order. Cod liver oil isn't digested in the

stomach. Along with other oils and fats, digestion takes place in the lower bowel. If it is given with the food, as I know parents sometimes do, then it must stay in the stomach until the food is digested and passes along. When it does this, it is apt to regurgitate. The taste is very apt to come back, and many a child who can stand to taste his oil once, rebels when it comes back several times. In other words it turns him unnecessarily against one of the best medicines and foods we know. I know this may seem like a small detail, but it is an important one.

Children aren't the only ones who should take cod liver oil. If you happen to be run down and skinny, take it with malt extract. It will put flesh on you as few things will. It is a good thing, too, for anyone with a chronic lung condition of any kind. Consumptives in particular receive great benefit from it.

But even though there doesn't seem to be a thing wrong with you, start taking it now. It will build up in you a resistance that will throw off the germs of the ordinary cold as well as other infections. I never taking what they prescribe for others, but I take cod liver oil every winter. And I very rarely suffer from a cold.

Tomorrow—Dr. Dafeo tells of orange and tomato juice.

Enrollment In
Junior Red Cross
Continues To Grow

Various Activities Are Planned
To Keep Members Busy
During Winter

The Junior Red Cross enrollment in the New Castle schools as well as the county has been conducted for the past week and the enrollment now for the county numbers fifty-five rooms and a total of 7500 pupils.

In the city schools the enrollment has not been completely recorded but at this date there are approximately 3000 students in New Castle enrolled and at the final tabulation there will be five to six thousand.

A program is being put into the schools and a great many different activities are to take place during the school year.

Sixteen Brailled stories have been received by the local chapter and these will have covers made and will be sent on to a school for the blind in Pennsylvania. Several schools have asked to make wooden toys and material is now being solicited so that these schools may go ahead with these different projects.

Several additional schools which have enrolled 100 per cent are: Park Gate, Miss Helen E. Cox; Wayne township, Doris M. Stoner; Walters school, Dorothy Fisher; Phillips school, Edith Hoover; Poverty Points, Marie Cox; Eastbrook, Ralph E. Watson; West Side, Rheda Edwards; Tent Hall, Marion Carlisle.

Owing to the fact that the west end of Euclid avenue is torn up by the installation of a huge storm sewer, the county commissioners have changed the voting place from its old location to the Cienmore school building.

Several of the court house officials took a day off yesterday to usher in the hunting season. They were all successful in bringing back some game.

There were fifty-one instruments of all kinds entered at the office of Register and Recorder Orville Potter last week. Of this number twenty-two were deeds and ten were mortgages. Two of the mortgages, totaling \$3400 were given to banks; three, totaling \$4600 to individuals, three, totaling \$6100 to building and loan associations; one to the Almira Home for \$3700 and one to a realty company for \$5200.

The court has refused to grant a parole to Oliver Price, who has

been serving a term of from one to three years in the Allegheny county workhouse, having been sent up on a charge of larceny. He was sentenced on February 1st, 1938 and the application for parole was made on the grounds that the ends of justice have been met, and that if released Price would be able to take care of his family.

County Registration Clerk, Thomas Edmunds has brought to the attention of the county commissioners and District Attorney John G. Lamore, the registration of a colored man named Dickson in the first precinct of the eighth ward. The records show the registration of Joe Dickson and a later registration of Joseph Lee Dickson, the handwriting said to be apparently the same. In one instance, the birthplace is given as Georgia, and the other Pennsylvania. Dickson claims that he only registered once and that the other registration must have been by another Dickson. The case is being further investigated.

Many requests to benevolences and charities are made in a certified copy of a will probated in Pittsburgh, and entered in the office of Register and Recorder, Orville Potter.

The will is that of Mrs. Julia S. Brown widow of the late Solomon Brown, a former resident and merchant of New Castle. In Mr. Brown's will he has left a fund of \$5000 to be distributed to charity at the discretion of his wife, and in carrying out his wishes Mrs. Brown has made a wide and varied distribution. Bequests are as follows:

To Jameson Memorial Hospital.

To National Home for Jewish children in Denver, Colo., \$200.

To Jewish Home for Aged, Pittsburgh, \$400.

New Castle Public Library, \$300. The income is to be used for the purchase of books to be kept in an alcove and to be known as the Helen Brown collection.

To the J. M. Orphanage for children in Pittsburgh, \$100.

To the Pittsburgh and Allegheny Milk and Ice Fund, \$200.

The money is to be invested and the income is to be a contribution for each year.

To the Pennsylvania Association for the blind, Pittsburgh, \$200.

To B'Nai B'rith orphanage and home at Erie, Pennsylvania, \$400.

To the Federation of Jewish philanthropies, Pittsburgh, \$1000.

To Jewish home for babies and children, Pittsburgh, \$200.

One half of the residue after these bequests is to go to a niece, Jennette Streng Hephum.

The other one-half is to be held in trust for a grand nephew, Raymond S. Huhman, the income to be used during his minority for his education, and the principal to be paid him when he arrives at the age of 25 years.

Myer H. Streng and the Fidelity Trust Company of Pittsburgh are named as executors.

The county commissioners have changed the voting place in Volant from the Methodist church to a room formerly occupied as a store by the late Frank Moorhead.

County commissioners were down on the Moravia-New Galilee road yesterday, looking over some claims for damages on account of the improving of the road. The work is about completed.

Judge Thomas W. Dickey has appointed Robert G. Hamilton as inspector of election in the sixth precinct of the fourth ward, to fill a vacancy caused by the resignation of inspector, Frank S. Hamilton.

Owing to the fact that the west end of Euclid avenue is torn up by the installation of a huge storm sewer, the county commissioners have changed the voting place from its old location to the Cienmore school building.

Several of the court house officials took a day off yesterday to usher in the hunting season. They were all successful in bringing back some game.

There were fifty-one instruments of all kinds entered at the office of Register and Recorder Orville Potter last week. Of this number twenty-two were deeds and ten were mortgages. Two of the mortgages, totaling \$3400 were given to banks; three, totaling \$4600 to individuals, three, totaling \$6100 to building and loan associations; one to the Almira Home for \$3700 and one to a realty company for \$5200.

The court has refused to grant a parole to Oliver Price, who has

been serving a term of from one to three years in the Allegheny county workhouse, having been sent up on a charge of larceny. He was sentenced on February 1st, 1938 and the application for parole was made on the grounds that the ends of justice have been met, and that if released Price would be able to take care of his family.

County Registration Clerk, Thomas Edmunds has brought to the attention of the county commissioners and District Attorney John G. Lamore, the registration of a colored man named Dickson in the first precinct of the eighth ward. The records show the registration of Joe Dickson and a later registration of Joseph Lee Dickson, the handwriting said to be apparently the same. In one instance, the birthplace is given as Georgia, and the other Pennsylvania. Dickson claims that he only registered once and that the other registration must have been by another Dickson. The case is being further investigated.

Many requests to benevolences and charities are made in a certified copy of a will probated in Pittsburgh, and entered in the office of Register and Recorder, Orville Potter.

The will is that of Mrs. Julia S. Brown widow of the late Solomon Brown, a former resident and merchant of New Castle. Election Drive Is Being Centered In Small Group Of States

Pennsylvania Gets Attention

National Leaders Are Taking Part In Windup Of Warm Campaign

PRESIDENT GOES TO FRONT FRIDAY

By GEORGE R. HOLMES

WASHINGTON, Nov. 1.—The off-year political campaign swung into its final week with both Democrats and Republicans concentrating their heaviest fire in a relatively small group of states where the issues are closely drawn and the outcome considered in doubt.

Along the Atlantic seaboard, attention is riveted on New York, Pennsylvania, Massachusetts and New Jersey.

In the near mid-west, the leaders are bearing down in Ohio, Michigan, Indiana and Illinois.

Are Crucial States

The relief is general that if any material shift occurs in the existing political line-up on Nov. 8 it will be in these states; for there the Republican attack has been heaviest, and the Democratic defense the hardest pressed.

Before the week is ended the titular leaders will all be on the firing line. President Roosevelt will personally go to the front next Friday with a speech in New York which will be broadcast to the country.

Ex-president Herbert Hoover will speak on the west coast on Saturday. Alf M. Landon, the 1936 Republican candidate for the presidency, will speak in Oklahoma today and then campaign his native Kansas in the wind-up.

Mr. Roosevelt will address primarily the voters of New York, but the fact that arrangements have been made to put the speech on a national radio hook-up indicates there will be more in it than merely an appeal to his home state. It is the only speech that the president will make before the balloting a week from tomorrow. He has rejected numerous appeals for speeches elsewhere in the country on the theory that, as president, he should not take part in the off-year battle.

In New York, as a voter, he believes he has a right to participate.

High School Boy, Football Player Dies In Lewistown

Blood Poisoning Fatal To High School Senior Class President-Griddler

(International News Service)

LEWISTOWN, Pa., Nov. 1.—George W. Aurich, 17, president of the Burnham high school senior class and quarterback on the high school football team, died Monday of blood poisoning, but school authorities and the boy's parents could not agree on the cause of death.

The boy's mother claimed that his death was the result of an injury received in playing with the Burnham high football team October 22 against Selinsgrove high school.

School authorities, on the other hand, claimed that young Aurich died as the result of a boil developing from an abrasion of the scalp and said his death had nothing to do with his football activities.

Before the week is ended the titular leaders will all be on the firing line. President Roosevelt will personally go to the front next Friday with a speech in New York which will be broadcast to the country.

News And Views From Pennsylvania Capital

(International News Service)

HARRISBURG, Nov. 1.—Unless the plans of the house graft investigating committee undergo a sudden change the house probe will probably close its pre-election sessions with the investigation of the general state authority. Still to be investigated after testimony into the constitution of the state finance building has been taken are the "kickback" charges made against state authority architects by District Attorney Carl B. Shelly.

Although the Democrats have a five-to-two majority on the house committee the hearings have become so interlarded at times the two Republican members have found themselves composing fifty per cent of the committee. Once only three members were present, two Democrats and one Republican. The rest were scattered throughout the Capitol.

Proof of the efficacy of Pennsylvania's campaign for safety on the highways—if proof is needed—is provided by the report of the National Safety Council. The council reported that Pennsylvania led the states in the number of lives saved, a 39 per cent drop in highway fatalities being recorded for the first nine months of 1938.

No matter how uninteresting the hearings may become, with their reams upon reams of technical testimony regarding construction, there are always some spectators present. Many sit too far back to hear the testimony.

Following a committee speech by Chairman Herbert Cohen in which he criticized his Republican colleague, Rep. Ellwood J. Turner, Delaware, for making what he termed a "red herring" address, someone sent Cohen a box of sardines.

Two Pennsylvania cities hung up an enviable safety record, the National Safety Council reporting that in the 50,000-100,000 population group, Johnstown had no fatalities during the first nine months of the year and Wilkes-Barre a record of 3.1 per cent fatalities per 100,000 residents for the same period.

November 8, when an amendment will be voted on requiring a lapse of 48 hours between the time application is made for a marriage license and the time the ceremony may be performed.

The act is patterned after laws effective in other states, including Pennsylvania.

Mazur was in Company 4 at the station and his outfit made high in many of the activities of the navy. For this reason Mazur was granted the 14-day leave in place of the usual time.

Upon the completion of his leave, Mazur will be transferred to a sea going ship in the United States fleet.

Officers Hunting Man Who Married Bride Of 10 Years

Warrant Is Issued For Husband
—Bride Of Week Is
Under Arrest

(International News Service)
PRESTONBURG, Ky., Nov. 1.—Faced by the hostile silence of Kentucky's mountaineers, law officers today vainly sought Fleming Tackett for his marriage to a child of 10.

A warrant charging the 34-year-old miner with rape was issued here yesterday as authorities moved to teach the hill-folk a lesson for often repeated crimes of the "black books".

Mrs. Rosie Columbus Tackett, the girl bride of a week, and her mother, Mrs. Grace Columbus, were also put under arrest and brought to jail here from their two-room tumble-down log cabin in the hills.

The girl's mother was accused of conspiring on the rape charge because of her admitted fraud in obtaining a marriage license for the child by claiming she was 15 years old. Rosie was held as a delinquent child living in an atmosphere of crime and idleness.

Do You Want A Rubber Stamp In Harrisburg?

When the people of New Castle send a representative to the General Assembly they are entitled to representation. If the man elected follows the dictates of a political boss then the people are cheated.

For two years New Castle has been represented by Carmi G. Preston, whose record in the General Assembly marks him as a rubber stamp, the echo of the big boss, Davey Lawrence. Upon every bill the Democratic administration marked "must", Preston voted as he was told.

Take a look at his record upon the following bills which were "must" bills. Preston voted YES on all of the following:

- Act 171. Personal property tax increased from 4 to 8 mills.
- Acts 51-574-187-104-236-368-446-122. All ripper bills designed to take away elective offices from voters of Philadelphia and make most of the offices there appointive by the governor.
- Act 511. Removes the right of county treasurers to issue fishing licenses and makes a lot of jobs for agents of the Department of Revenue.
- Act 455. Consolidated the motor police with the state police and all expenses for the department are paid out of the automobile taxes. In other words the motorist is paying for work that should be paid for out of the general fund.
- Act 205. Doubles the compensation for coroners' jurors, although they usually sit for but an hour or two.
- Act 270. Increases the salaries of representatives from \$2500 to \$3000 for a regular session and from \$500 to \$750 for a special session.
- In this connection remember that Preston sat in the six day special session of 1937 and for it drew \$500 salary, \$50 stamps and \$60 mileage. An average of \$100 per day. Altogether he has drawn over \$5000 in salary, stamp allowances and mileage, for his two years service. He also voted for every other salary raiser the total cost of which will run into untold thousands of dollars.
- Act 621. This act would regulate paper hangers, painters and decorators by requiring examinations, permits, and fees.
- Act 439. This act requires buildings to provide an expensive outside gas shut off which affords no guarantee of safety. The gadgets cost over \$100. Practical plumbers will tell you shutoffs which are satisfactory could be installed at a nominal cost.
- Act 307. Requires a gas station operator to license every pump.
- Act 320. This act repealed the provision prohibiting the making of public employes for campaign purposes. In other words Preston helped to make it legal to make a man or woman getting a small wage from the state.
- Resolution 3. A resolution memorializing Congress to vote for the Supreme Court packing bill.
- In the special session which is still not adjourned he voted for every one of the Whitewash Bills which would suspend any pending grand jury action against public officials suspected of corruption.
- On his every vote the vote was the vote of Carmi but the decision was the voice of Davey Lawrence.
- I am a candidate for Representative to the General Assembly. If elected no one man nor any group of men will dictate to me how I shall act and how I shall vote. The people of New Castle have a right to be represented. They haven't been for two years.

William D. Mensch, 28, shot in the face by a charge fired by a nearby hunter. He faces possible blindness of his right eye.

Half Million Out

Numerous other injuries of a minor nature occurred as the more than half million hunters pursued the small game through the forests and fields of the state.

Opening day weather conditions were almost perfect, and hunters reported record bags of game. The state game commission, in an effort to tide the annually rising toll of human slaughter, established the 9 a. m. deadline in order to rule out dim-light shooting and to give children in rural districts an opportunity to get to school and farmers to finish their chores in the fields before the shooting began.

The commission imposed a \$25 fine on hunters whose firearms spoke too early. The ruling, however, applied only to the opening day.

Goodall was subpoenaed by the committee.

Greenfield, a real estate broker, is prominent in Democratic politics.

This check, it was charged, was part of a bribe allegedly paid during the 1935 legislative session for the passage of favorable Sunday movie and beer legislation.

Reveals Plans To Help Railroads

President Promises Full Support To Program To Pelley

WOULD SUBSTITUTE FOR WAGE DECREASE

By EDWARD B. LOCKETT
International News Service Staff

WASHINGTON, Nov. 1.—White House plans for a comprehensive legislative program to help the nation's distressed railroads were revealed Monday afternoon as a substitute for the 15 per cent wage cut which the carriers sought.

President Roosevelt promised such a program his full support in a conference with President J. J. Pelley, of the Association of American Railroads, during which Mr. Roosevelt asked Pelley to ascertain the roads' attitude toward the emergency fact-finding board's recommendation against the proposed pay cut.

Leaving the White House Monday afternoon Pelley said that the president was "very hopeful" that the special operators—labor six man committee which he set up two months ago would meet in the near future and work out such a program.

"The president feels quite hopeful that this committee will work out a full legislative program," said Pelley. "And he will give it his fullest support."

Pelley said the president told him the size of the six man committee probably would have to be expanded and indicated he wanted it to get to work as fast as possible.

Pelley said he promised the president to call a meeting of members of the association, probably next week in Chicago, and that he will find out their attitude towards the emergency board recommendation against a cut immediately and report back to the White House.

In the meantime, Pelley indicated that the question of accepting or rejecting the emergency board recommendation would be referred back to individual roads.

The Human Side Of The News

Japanese islands extend 2,800 miles into the Pacific Ocean. Japan, France and Britain hold the strategically superior islands, astride of trade routes, best suited for gun and fort emplacements, best provided with channels and protective reefs. Running the broken field of the Pacific, our warships would find difficult the wide interference wing and the forward pass to supply bases.

In an interesting article called "Coral Isles As Naval Bases," in this month's "Asia," Alexander Kira finds the first comprehensive studies of the island geography of the Pacific, appraising the hundreds of coral atolls for their naval importance. While we have Midway and Wake Islands, along our route to the Philippines, a cut in Christmas Island with the British, Guam, Jarvis and Baker Islands, our islands are mainly white chips against the tall blue stacks of Japan, France and Britain.

It is apparent that both Japan and Britain realize that the Pacific Ocean is a cockpit of the future, as another writer says in the same issue of "Asia," "as was the Mediter-

anean to Turks, Christians, Romans, Carthaginians, Greeks and Persians."

Trade routes and raw materials are what it takes to make an empire—or possibly to start a war. Japan's deep thrust into the Pacific has aroused Britain, possibly more than the Munich dead-end of empire—that is, that cagey gentlemen's club which runs England and knows what's going on in the world. There is a vast deal of arming going on in the Pacific—air bases, forts, channel dredging, mine-laying, gun emplacements and submarine bases.

Mr. Kira finds our handful of islands "important as outposts to the United States and as a flank guard to Japan." We have been fortifying them and we were not lagging in air pioneering in the Pacific. This business of setting up a good

stout fence at the farthest reach of our back yard wouldn't seem to commit us unduly to the empire business. We have had many nice friendly invitations to take over the job of policing the Pacific. Study Mr. Kira's map, with his data on how the other powers are based and what they are doing in the Pacific, and you are apt to conclude that, like charity, begins at home.

Uncasy lies the head that wears any crown of empire, these days. Japan looks south, as well as east and west. Dutch Malaysia, stretching more than 3,000 miles from Sumatra to Netherlands New Guinea, is a fat partridge and this is the open reason for bagging colonies. Malaysia is fabulously rich in rubber, oil, rice, sugar and coffee.

The Netherlands always has relied on the stability of the British empire. It has been quite untroubled in bringing through its vast and rich colonial estate, sixty times larger than the homeland. But now there are seismic shocks in the whole structure of empire all over the world. The alliance between Japan and Germany jolted the Dutch burghers unpleasantly. Indications are that Germany is in no mood to forgive or forget Versailles, and that he new imperial expansion is not confined to the "Drang Nach Osten."

It would appear that the owners and operators of old established empires have reason for unrest. The story persists that allied Germany

and Japan are going ahead with that canal, to be cut through the Isthmus of Kra, only 40 miles across low swampland, north of Siam. That would greatly shorten Japan's route both to India and to Australia and would make Britain's mighty Singapore just a whistling post. So far, Italy is a joker wild in the empire deck, but her overt doings, regardless of back-stage diplomacy, put her in the lineup which assails the British empire.

All this appears against the historic back-drop of Pan-Asia, which takes on sharper outlines every day. As Japan openly becomes an authoritarian state, Premier Koyama, a vigorous proponent of the Pan-Asian doctrine for many years, will rule 500,000,000 persons. If China goes down the slide, as it appears to be going, and he will gain on the western border of China more than 2,000 miles of Indian border territory, in acquiring Sui-Kiang province and Tibet.

India has been comfortably buttressed by archaic China and the borders of Islam to the north. That's all past and done with now. There is a vast world flux and ferment and what is going to happen is anybody's bet. We hope for the best, but we aren't either firemen or policemen. And we aren't in the empire business.

(International News Service) CHICAGO, Nov. 1.—Jimmy Clark, Jamestown, N. Y., middleweight, today held some sort of a record that he wasn't proud of.

In being knocked out by Tony Zale of Gary, Ind., in the second round last night, Clark spent one minute and 33 seconds of the fight, but last 3:53, on the floor. He was "doored" 12 times, 11 in the first round.

Football-Floor Managers To Hold Combined Meeting

Franklyn R. Crisci Will Conduct Two Meetings At "Y" Tonight

There will be a combined football league and basketball league meeting at the Y. M. C. A. tonight at 8 o'clock with Franklyn Crisci, president of both leagues, in charge.

All managers of the football league and newly proposed basketball league are asked to be present as there is considerable business of importance to be transacted.

Mr. Crisci would also like to have Joe Factor, Texie Richards, Tippy Richards, Paul Morrison and Brownie Ostrosky at the meeting tonight for a very definite purpose.

League Shaping Up

There is a possibility according to Mr. Crisci that the game for the championship in the football league will be played at a neutral field and not at the E. & A. grounds.

The basketball league is shaping up nicely and will be one of eight foot teams. It is indicated, with a strong possibility that the Falcons and K. Putaskis will see their way clear to join the league along with the Union Cities, Gersons, Keystones, Brown Bombers, N. Y. A. and Wabash Bears.

Mr. Crisci has secured the arena for the league games on Tuesday and Saturday nights and Sunday afternoon for league games.

Johnny Uram will assist Mr. Crisci in the operation of the basketball league, it is understood.

Change Monessen Game To Friday

Final Home Game For New Castle High; Hope To Trip Monessen

ORCHIDS GO TO BIG JIM RUCKER

The New Castle high-Monessen high football game will take place on Friday night under the arc lights at Teggart Stadium and not Saturday afternoon as originally indicated. It was made clear by Faculty Manager Norman Scoots Nelson today.

The game will start at 8 o'clock. It will be the last home game of the 1938 season for the "Red Hurricane." It will be the fifth Class AA game for the locals.

Never Here Before

The team is still somewhat crippled, but not quite as bad as they were for the Massillon battle. So-winski is ready for regular duty again and so is Phillips. Gender and Gialla are still ailing.

Monessen's big "Greyhound" team has not played New Castle for the past 16 years at least. Not since Bridenbaugh has been here has the big Monessen team been on the schedule. The systems will be new to each other.

Orchids For Rucker

If any orchids are passed out, they belong to big Jim Rucker, the sophomore guard at New Castle high school, who is making good on the varsity in his first year and will be a very valuable man before he is through school.

In the article on the New Castle-Monessen game it said that Rucker took out the final Massillon man and made it possible for Spike Roberts to score on his 85-yard gallop, and now it develops that it wasn't Rucker at all, but John Kulnis and it is boys of Rucker's type that signify true sportsmanship.

Kulnis Made Block

Rucker hastened to inform Charles "Bugs" Weather, scholastic sports editor, that an apology was due to Kulnis or that something should be printed, well, here it is, and a fine tribute to a grand guy by the name of Rucker and to John Kulnis for that swell block that he made of the Massillon boy, and to young Malley who also executed a perfect block at end on the same play.

You don't find boys of Rucker's type everyday, he has the right kind of stuff and should be very popular with his team mates.

Bob Pastor Wins Bout By Knockout

(International News Service) NEW YORK, Nov. 1.—Bob Pastor, New York heavyweight contender, stepped to the front as a "Gladiator" today following his four-round knockout by Big Boy Brackey of Buffalo here last night.

Spotting Brackey 37 pounds in weight and a head in height, Pastor fought him seven times, both fighters dropping to the canvas in the third when each landed a right-hand. Brackey, anxious to land his "Sunday Punch," was an open target for Pastor who never was in trouble.

HERE AND THERE IN SPORTS' LAND

The top scorer in football is Leroy Fry of Texas College of Arts and Industries. He scored eight points Saturday to lead with 74. Gaylon Smith, of Southwestern (Memphis) has scored 72 and Everett Elkins of Marshall is in third place with 66. Elkins was held scoreless Saturday.

The two Eddies, Simms and Blunt will box in one of the 10 round battles, Thursday night, at Duquesne Garden, Pittsburgh. It will be Simms first bout since his return from Pacific coast. Charley Burley and Wether Arcelli will meet in another 10 round bout on the same card.

Mrs. Louise J. Hickman's Arab Arrow, romped to victory in the Halloween handicap at Churchill Downs yesterday. Driver from Mose Goldblatt's stable was second and D. Lehan's Miss Bonnie finished third. The winner, odds on choice in the mutual betting, paid \$3.20 for \$2 and covered the mile in 1:37 3-5.

At Hostak who decimated Freddie Steele to win the middleweight title takes on Solly Kriger of Brooklyn in a 15-round bout tonight at Seaside. Hostak is little known in the battle, but should win. Meanwhile Henry Armstrong and Ceferno Garcia have completed their training for their 15 round welterweight championship fight Wednesday night in New York.

The Baseball Writers association has picked Ernie Lombardi the most valuable player in National league for 1938. Although the Reds catcher met keen opposition from Bill Lee, Arky Vaughan and Mel Ott, the 24 members of the writers voting committee gave him a slender margin of 22 points under a new scoring system. Every writer selected his first place

Bob Pastor, New York heavyweight contender, scored a four-round knockout over Big Boy Brackey of Buffalo, who held a 37-pound advantage in New York last night.

Babe Ruth, Frankie Frisch, Buck Newson are among the dozen applicants for the post of managing the St. Louis Browns during 1939.

Rambling Around World Of Sports

Off the cuff . . . Several records were scattered Friday night at Teggart stadium. That spectacular 85-yard scamper by "Gladiator" Rucker was the longest punt in five years at the local gridiron. He looked like a greyhound as he whiffed through the cool October air. That 52-7 loss was the worst defeat ever suffered by a Bridenbaugh machine in 22 years of coaching. The presence of Tommy Henrich marked the first time a major league star attended a local football game.

Dots and dashes . . . Benny Friedman, who had no peer at tossing the football around, says the game has changed so much that passers of the present day are better than he was. Johnstown is an early favorite to cop the next Kentucky Derby. The spectacular razz-dazzle style of football which was introduced by Ohio State's Francis Schmidt, back in 1933, is steadily losing favor in the Big Ten. Maxie Smelling, who was felled by Joe Louis, on the night of June 22, has finally recovered from a spinal injury and is set to make a comeback, still hoping to win back the heavyweight crown.

Something new . . . Union township and Shenango township will complete an unusual experiment on Friday afternoon at Shenango field—a doubleheader in football. A few weeks ago, Shenango emerged with a 25-0 victory over the Scotland canners. Now the Coach Patterson machine has an opportunity to even the count for the year. Twin bills in football are rare.

For the first time this season we had not use for spirits of ammonia, following Saturday's weekly gridiron parade. We proved a capable performer in the role of a "Yogi" in 38 games, we hammered out 30 correct answers, excluding two ties. For the victory, we have picked correctly 163 out of 209 games, not including 11 deadlocks. Our batting average for the season—.779.

Armstrong To Battle Garcia

Joe Louis Will Be At Ring-side In New York To Watch Bout

By HYPE IGGE

International News Service Sports Writer

NEW YORK, Nov. 1.—Joe Louis, neuro heavyweight champion, arrives today to see the little brown champion, Henry Armstrong defend his welterweight title against Ceferno Garcia in Madison Square Garden tomorrow night.

Joe greatly admires the little shaver who set the sports world agog by winning three world's titles. Louis, himself, would have relished setting such a mark.

While in New York Joe is going to delve into the problem of agreeing on a worthy opponent for his January appearance in this city.

Many In Limelight

One of four men may get the crack at the champion. John Henry Lewis, the light heavyweight champion, being the leading candidate. Then there is Maurice Strickland, the Australian who has been hankering for the shot, and should Gunner Barlund defeat Bob Pastor in their proposed bout, he might get the berth.

Armstrong put in an afternoon of "bolo-punch" blocking and countering. The bolo punch is Garcia's best bet.

My own guess is that Garcia is going to "cross" Armstrong in the matter of the "bolo." Watching Garcia in training for several days, I noted that he wasn't putting in much practice on the "bolo," but was giving his entire attention to a left hook to the body.

Armstrong will do whatever work he undertakes today with a view to holding every possible ounce, or weight as against the 10 pounds he may have to concede the Philippine wonder. The champion is merely a lightweight and it is quite possible that he will come in under 135 when they come to the scales.

Overnight Sports

(International News Service) Nearly 50,000 (not fans converged on Maryland's Pimlico race track today to witness the off-delayed classic duel between War Admiral and Seabiscuit. Although each horse had its contingent of backers early betting made War Admiral the favorite at 2-to-5.

Ernie Lombardi, Cincinnati's husky catcher, was named the most valuable player in the national baseball league. Lombardi, who won the circuit hitting crown with an average of .342 collected a total of 220 out of a possible 336 votes.

Ernie Lombardi Most Valuable

Baseball Writers Pick Cincinnati Catcher As Most Valuable To Team

(International News Service) NEW YORK, Nov. 1.—Ernie Lombardi, Cincinnati's slugging catcher, today added the National League's "most valuable player" award to the batting crown he captured with a .342 average this year.

The big catcher, slow foot but a heavy, consistent hitter was a mainstay in Bill McKelvie's 1938 machine. He added greatly in lifting the Reds into a first division berth, clicking off 19 homers and driving home 96 runs. Perhaps Lombardi's greatest work was his skillful handling of the Reds' juvenile pitchers, especially Johnny Vander Meer who performed the enviable feat of pitching two consecutive no-hit, no-run games.

Lombardi Gets 229.

An eight year veteran of the National circuit, Lombardi collected 229 out of 336 votes cast by baseball writers from each city in the league. Bill Lee, ace of the Chicago Cubs' mound staff, who performed yeoman work in the Bruin's pennant drive, was second to Lombardi with 166 votes. Pittsburgh's star shortstop, Floyd "Arky" Vaughan, finished third with 163. Next in order came Mel Ott, New York, 132; Buck McCormick, Cincinnati, 130; Johnny Rizzo, Pittsburgh, 96; Stan Hack, Chicago, 87; Paul Derringer, Cincinnati, 70; Paul Brown, Pittsburgh, 62; Gabby Hartnett, Chicago's playing manager, 61; and Joe "Ducky" McDwick, St. Louis, who won the 1937 crown, 55.

Alliance Will Be Met Friday

The New Castle Rifle Club will have a Penn-Ohio league shoot at the Cathedral range on Friday night with the Alliance, Ohio rifle team, it was announced today.

Last Friday, the New Castle team lost to McDonald, O. by one point 943 to 942. Alliance will bring a strong team here it was indicated.

Milnes was high man for New Castle in the shoot at McDonald with a 190 string. Other scores of New Castle shooters were—Horton 188, Jessie Moore 188, E. Crawford 183, Watson 180, Finley 174, Patterson 184, Houck 187, Hill 185, Allen 171, Perver 171, Thomas 185, Holmberg 187, Hunter 184, Cooper 176, Kilbreath 149, Stark 180, J. Allen, 162.

Rockets To Play Courtland Normal Eleven Saturday

Strong Slippery Rock Team To Have Hard Battle On Home Grid This Week

(Special To The News) SLIPPERY ROCK, Pa., Nov. 1.—Coach Thompson's powerful Rockets defeated this season only by Waynesburg will clash with the strong Courtland, N. Y. Normal eleven next Saturday in the Slippery Rock stadium.

With a row of four victories and one scoreless tie to their credit, the Green and White gridlers are working hard this week to add to their already impressive record.

Courtland was on the Rocket schedule last year for the first time since 1927 and took the engagement on their home field by defeating Slippery Rock 6-0. This season the set-up looks different for the Rockets.

The tremendous drive in Slippery Rock's 1938 backfield with the galloping Kautzman, the husky Higgs Schmidt, the alert Temple, Hanna and Gross, and last Saturday the Rocket line showed new power against Grove City who lost in the game here by a score of 12-0.

The fray with Courtland is the third in a series of four home games, the Rockets meeting Tilt college here on the following Saturday.

Griffith Signs Harris As Leader For 1939 Season

(International News Service) WASHINGTON, Nov. 1.—President Clark Griffith of the Washington Senators Monday announced that Stanley Raymond (Bucky) Harris has been signed to manage the club again next year.

Griffith said Harris, who has handled the Griffmen since 1935, received a "slight raise in pay" with renewal of the contract. The new salary of the 42-year-old former "boy wonder" was not made public, but it is believed to be about \$15,000. The local club finished fifth in the American league race this season.

Harris has been a major league pilot for 15 years, winning two pennants and one world's championship in his first two years—1924 and 1925. He managed the Detroit Tigers from 1927 through 1933, moving next to the helm of the Boston Red Sox for a year.

ST. VITUS PROTESTS

The St. Vitus football team protests that the St. Joseph team did not beat them Sunday, because the St. Vitus team was idle Sunday. Next Sunday the St. Vitus team will play the DeCarlo team at Clifton Flats field. The starting time is 2:30 o'clock.

New Water Rate
Approval Is Given

Borough Will Save About
\$3600 Yearly With In-
creased Fire Protection

ELLWOOD CITY, Nov. 1.—Attorney Ray W. Humphrey, representing the borough in a controversy over water rates, announced that a settlement has been reached with the Public Utility Commission, under which the borough will secure substantial savings, as well as increased service.

The matter was taken up by council about four months ago with the Ellwood Consolidated Water Company. The borough objected to the rate being paid at that time and also to the insufficiency of service for fire protection.

At that time the borough was paying at the rate of \$500 per mile of water main and \$10 per hydrant per year, making a total cost to the borough for the year 1937 of \$13,425. In addition there was a flat rate charge for all water used for borough purposes.

Under the agreement which has just been completed with the water company, Attorney Humphrey announced that there will be a flat rate yearly charge of \$10,425. In order to increase the service for fire protection the water company has agreed to lay a new supply main to connect with the present system at the corner of Fourth street and Park avenue. Saving to the borough per year under the new agreement will be approximately \$3,600.

Attorney Humphrey has received a letter from the Public Utility Commission approving the new rate, effective as of October 1, 1938. The saving is one that will be appreciated by taxpayers as well as the increased service for fire protection.

CLEANLINESS BIG FACTOR IN SALE OF QUALITY MILK

Given a healthy cow, the next requisite for producing clean whole-some milk is a good caretaker. A person immaculately clean in his own personal habits will give proper care to both the cow and her milk.

Environmental conditions are best in a clean, comfortable, well-ventilated barn that is properly ventilated. Sunshine is good for cows. Feeding, watering and bedding are important. Dry, clean barnyards promote health.

Chippie flanks, udders and bellies prevent the long hair remaining dirty, which must later drop into the milk pail. Before each milking, it is advisable to wipe the flanks, bellies and udders with a damp cloth wrung out of a chlorine solution.

For the production of high quality milk, it is important that equipment be kept clean. An excellent method is to rinse equipment with lukewarm water, then wash it using a good stiff brush with plenty of "elbow grease" and a hot washing powder solution. Follow this with a thorough rinsing. The job is completed by sterilizing with boiling water, steam, or a chlorine solution.

To check the growth of bacteria, it is recommended that milk be cooled immediately after milking to 50 degrees F. or less and held at this temperature for delivery. On many farms spring or well water is utilized for cooling milk. This reduces the outlay of cash for ice and electricity. However, if time and labor are considered, mechanical refrigeration is about the cheapest method. The milk house and coolers need frequent cleaning. Covering the milk cans with a blanket during delivery to the milk plant keeps off dirt, prevents freezing in winter and holds down the temperature in summer.

"SUE THEM"

The popular tendency of some people whenever the slightest injury befalls them, is to think in terms of damages and law suits.

There's a wide gulf between fair remuneration for accidents, and the "easy money" expectations of some persons.

Liability is as important as fire insurance. Let us show you how economical this protection may be given your property.

they are tough or leathery after cooking. The flesh also may be discolored.

When you come to buying grapefruit, here are a few tips. Judge fruit by weight if you want plenty of juice. Good quality grapefruit are heavy for their size and firm and springy to the touch. Heavy fruit with thin skin has more juice than that with thick puffy skins.

Most of the skin defects in grapefruit, such as discoloration or scratches, do not affect the quality of the fruit, only the looks. Russeting does not affect the flavor of grapefruit although many home-makers prefer those with evenly yellow colored skin.

Family health accounts easily get into the red and unfortunately are not so easily observed as bank accounts.

MOON ECLIPSE SOON WITH SUN SHINING

PHILADELPHIA, Nov. 1.—James Stokley, director of Fels Planetarium, who keeps track of the doings of the earth, sun, moon and stars, called attention today to an unusual attraction—a view of the eclipsed moon while the sun still is shining—for residents of eastern United States next Monday.

He said that the display seemingly is an impossibility because the earth must cut off the sun's light to throw its shadow on the moon, but it's all because the atmosphere, acting as a prism, bends the sun's rays to make it possible. The heavenly show will be on from 4:40 p. m. until 4:52 p. m., in Atlantic coast states.
